

February 16, 2017 4:30 p.m.
Special Public Meeting
Conceptual Design for Future Renovation/Expansion

David D'Amore from the A and D Design Firm spoke to a group of approximately 13 attendees at the Groton Public Library. He began with a slideshow sharing his initial findings of the condition of the present Library, both interior and exterior.

He showed a rough draft of the new addition and requested input from those present. He mentioned including what people would like to see added, changed or removed from the design. Much discussion followed.

At 5:30 the taking of minutes ended due to the departure of the secretary.
